Report of Principal and School Improvement Council

This year, Berea Middle School was recognized as a Silver level Closing the Gap School. The award recognizes schools that attained high levels of absolute performance, high rates of growth and substantial progress in closing achievement gaps between groups of students. Our state report card ratings were average for the absolute rating and average for the improvement rating, indicating that student achievement gains continue at Berea Middle School.

School-community partnerships continue to provide our students and teachers with much needed school supplies, summer reading books for students to keep, and non-perishable food items for families in need. This year, Furman University implemented the university student lead Men and Ladies of Distinction programs at the school. This mentoring program exposes middle school students to the importance and advantages that a college education offers. Furman University also continues to send university student tutors on a regular basis to enrich and augment student learning. Greenville Hospital System is another major community partner of Berea Middle School, providing summer reading books, food, and other needed supplies.

Professional development plays a fundamental role in our instructional process. Teachers are exposed to ongoing technological updates. Workshops and book studies, with focus on skills to enhance teacher-student relationships, have also been addressed. Professional development is designed according to teacher and instructional needs.

Our School Improvement Committee meets on a regular basis, providing our school with avenue in which all stakeholders have a voice.

As we continue making gains, our vision and focus remain steadfast on improved student achievement.

Catherine Hunt, SIC Chair
